MARCH 2017

## March events

The events for the month are displayed on the back of this newsletter.

We honored 115 students this last month for having perfect attendance for the 2nd quarter. This was a wonderful celebration for over a 1/4 of our student body. Thank you to the PTO for donating the root beer floats and the prizes that students won for their attendance. We have a strong belief that if the students are at school then the students have an opportunity to learn.

We will continue to reward students who are coming to school every day. To help your student make it to school make sure they get plenty of sleep and are eating a healthy meal. We will celebrate the students who have attended school every day during the 3rd quarter as well. We will also celebrate our student academic achievement as well as those students who are improving.

We have collected writing and math data in order to meet the needs of every student. We also use it to show improvement in those areas.

The teachers at PRE have assessed the students and their reading level to make sure the students are in the correct reading groups. This allows the students to read a book that is at their level. It also allows them to read independently. Reading for 20 minutes a day at home will also help students improve in their reading ability.
